INFORMATION ON TAXIS

Waiting lines for public taxis at main stations and Brussels Airport are mostly efficient and fast-moving. A wait should not last longer than 10 minutes.

It is also possible to order a taxi in advance for both airport and stations. When booking, refer the point where you want to be picked up (e.g. at International Arrivals) as well as your destination. For those coming by plane and pre-booking, ask for the “tariff fixe” – this ensures a fixed rate.

The two main companies in Brussels are:

- Taxi Bleu: +32 (02) 268 00 00
- Taxi Vert: +32 (02) 349 49 49
