

## **Call for Reviewers for the ABIS Special Issue on “Driving impact through responsible investing”**

Stemming from the [20<sup>th</sup> Annual ABIS Colloquium “Driving impact through responsible investing”](#) where we learned about the latest research findings on responsible investing and sustainable finance both from academic and practitioner presentations, we collaborated with the [Emerald Sustainability Accounting, Management and Policy Journal](#) to create a special issue gathering both practitioners and research papers centering on the question: how to enhance positive business impact on society through responsible investing?

The aim of this publication is to **support our network** to gain and **access relevant insights and to advance our knowledge** on positive business impact, responsible investing, ESG investing related topics, corporate reporting, long-term value creation and other similar topics that address social and environmental sustainability challenges and the consequences of climate change.

**To ensure high quality of the publishing process and the essential double-blind peer review, we open a [Call for Reviewers](#) for the ABIS Special Issue.**

### **Selection Criteria**

Reviewers should be active in **research or practice in sustainability** and/or **sustainable/responsible investing**. The reviewers should be able to assess the quality, relevance and merit of the papers based on learning objectives, level of innovation, robustness and provided lessons learned. Previous reviewing experience and experience with working with the ScholarOne Manuscripts of Emerald is an asset, however it is not obligatory.

### **Time commitment**

We encourage submissions by individuals who are competent to take on this role and who can find the time to commit to this task. The editorial team will attempt to spread review assignments across available reviewers not to overburden them. Reviewers can expect **2 - 3 reviewing requests**. We will ask to **complete reviews within 2 weeks after accepting a review**. The expected time commitment should start from **February/March** and then again around **June/July**.

Reviewers should consider themselves as mentors to the author(s) and their reviews should therefore be specific and constructive and suggestions should be intended to enhance the manuscript.

The Special Issue dedicated guest editors:

- **Joan Fontrodona**, Professor and Director of the Business Ethics Department at IESE Business School
- **Luk Van Wassenhove**, Emeritus Professor of Technology and Operations Management at INSEAD
- **Ivo Matser**, CEO, ABIS

For more information about the guidelines and benefits of reviewers please visit [HERE](#).

To be taken into consideration please fill out following information and send it back to [Katarina.haluskova@abis-global.org](mailto:Katarina.haluskova@abis-global.org) by **January 28<sup>th</sup>**:

**Name**

**Position**

**Institution**

**Department**

**Country**

**Email**

**Relevant areas of expertise**

**Interest in specific topics**

We will come back to you shortly with further details on the process.
